The Journey Toward Triple Aim: Navigating the Ever-Changing Healthcare Environment

Health systems are on a journey toward Triple Aim goals: Achieving better individual and population health, higher quality care, and lower costs. Susan Dentzer will describe several health systems that are undergoing these transitions, along with the challenges they face. Her presentation will follow with a panel discussion among representatives of Cincinnati-area health systems.

Keynote Speaker: Susan Dentzer, President + Chief Executive Officer of the Network for Excellence in Health Innovation (NEHI)
